

Example of a SUITCASE BAND PLAN

Mission statement:

- To start a FUN band where we can develop our skills in playing together and performing at casual events like BBQs.
- We're not aiming for perfection, priority is fun and hanging out, though we would like to develop our skill level wherever we are at.
- The vibe will be supportive, fun and creative, each member being a Champion of Musical Spirit: supporting a healthy learning environment where we feel safe to take creative risks and make mistakes.
- 6 month project with goal of BBQ gig on the 1st of July.
- Meet weekly in a creatively safe space.
- We love blues, Indonesian punk and Jazz: our setlist will reflect that unique blend of our musical tastes.
